

PRESIDENT MOUL: Thank you, Senator Lindsay. Does anyone else wish to speak to this resolution? Seeing none, we will now vote on the motion to adopt LR 433. All those in favor please vote aye, opposed nay. Have you all voted? Please record, Mr. Clerk.

ASSISTANT CLERK: 21 ayes, 0 nays on the adoption of the resolution.

PRESIDENT MOUL: LR 433 is adopted. LR 434.

ASSISTANT CLERK: Madam President, LR 434 was introduced by Senators Hefner and Rogers. It is found in the Journal on page 2082.

PRESIDENT MOUL: Senator Hefner.

SENATOR HEFNER: Madam President and members of the body, this resolution declared May as "Egg Month" throughout the State of Nebraska. Last week Governor Nelson proclaimed May as "Egg Month" and this would just follow that up. The incredible edible egg is one of nature's marvels. It packs nutrition, convenience and economy into one simple package. We've come a long way in the last few years in the egg industry. Today's egg contains 22 percent less cholesterol than previously believed. The fat content of eggs, which has always been low, is even lower than earlier reported. Thousands of eggs produced daily by Nebraska's egg producers have created a successful commodity for Nebraska's agriculture economy. Thousands of eggs produced daily by Nebraska's egg producers have created a successful commodity for Nebraska's agriculture community. Nebraska ranks first in the nation in the production of dried egg products. The egg industry employs many people in the production and the processing of this fine product. You also received a button this morning and I encourage you to join me in wearing this. I move for the adoption of this amendment.

PRESIDENT MOUL: Thank you, Senator Hefner. Does anyone wish to address this resolution? Seeing none, we will vote on the motion to adopt LR 434. All those in favor please vote aye, opposed nay. Have you all voted? Please record, Mr. Clerk.

ASSISTANT CLERK: 19 ayes, 0 nays on the adoption of the resolution.
